**scstateparks** Yesterday, a visitor caught yet another sick turtle off the pier at Myrtle Beach #SCStateParks. It is now at the Sea Turtle Hospital at the @southcarolinaaquarium recovering. Be sure to stop by this awesome facility if you're in Charleston to see the two turtles from our parks and wish them well! Do y'all have any ideas for a Myrtle Beach State Park themed name for the newest one?

**atlantagal** Oh wait, nevermind. I see that it's not. How about Maritime for the maritime forest in the park?
