Council assured Mr. Shaw that this was already being done. Mr. Hunter supplied Mr. Shaw an audit. Council received as information.

Council heard from other concerned citizens at this time.

On the motion of Mr. Banister, seconded by Mr. Holden, Council voted unanimously to approve Resolution #703 - a resolution electing, determining, and directing that Anderson County Tax Assessor shall determine and designate the various properties in Anderson County which are to be subject to the special assessment ratio for legal residence. A prior resolution was adopted for this purpose; but it was passed by designating an individual instead of the "Anderson County Tax Assessor".

On the motion of Mr. Allgood, seconded by Mr. Holden, Council voted unanimously to approve Resolution #704 - a resolution to request Western Carolina Regional Sewer Authority (WCRSA) to expand its service boundaries within Anderson County and to seek legislation authorizing such expansion so as to include additional portions of Anderson County, including but not limited to the Towns of Pelzer and West Pelzer. This will allow regional development of the Saluda River Valley Basin.

Mr. Tolly presented first reading of Ordinance #410 - an ordinance to approve the lease of real property to West Anderson Water Company. This will enable the West Anderson Water Company to construct a pump station at the intersection of South Warner Road and Highway 24; the total area involved is .049 acres. Mr. Martin presented the following two changes recommended by the Administrator, Gary Smoak, which will be for consideration on two reading. The lease is for five years at \$300 per year. 1. The rent will be paid in advance 2. Administrator, rather than the Airport Commission, will be the person to whom notices will be addressed. Mr. Tolly moved to approve on first reading and Mr. Floyd seconded. Vote was unanimous.

Mr. Tolly presented Ordinance #411 - a master ordinance authorizing and providing for the issuance of Anderson County, South Carolina, special source revenue bonds; prescribing the form of bonds; limiting the payment of the bonds solely from certain revenues derived from the payment of fees in Lieu of Tax from the properties located in the Anderson County, Abbeville County and McCormick County, Multi-County Industrial/Business Park and pledging certain revenues to such payment; creating certain

funds and providing for payments into such funds; and making other covenants and agreements in connection with the foregoing. First reading of Ordinance #412 - a first supplemental ordinance providing for the issuance and sale of not exceeding \$1,000,000 Anderson County, South Carolina, Special Source Revenue Bonds, series 1994 (Plastic Omnium Project), and other matters relating thereto was also introduced by Mr. Tolly. Mr. Martin explained that ordinance #411 was the master ordinance which authorizes special source revenue bonds for the Multi-County Industrial/Business Park; already authorized by ordinance. Ordinance #412 calls for issuance of bonds for the first project; Plastic Omnium Project. Mr. Tolly moved to approve Ordinance #411 on first reading and Mr. Floyd seconded. Mr. Banister said he had a problem with the ordinance (Section 10, Section 4, Section 7; Paragraph A, B) as it is presently drawn up but will support an ordinance to issue bonds for the Plastic Omnium project. Council discussed the ordinances with Mr. Wesley Crum from McNair Law Firm, handling the bonds. Mr. David Sheets, Chairman of the Solid Waste Advisory Board, presented the Solid Waste Management Plan (a 20 year plan for handling solid waste) as required by the Solid Waste Policy and Management Act of 1991. The plan must be submitted to DHEC by February 28; is subject to changes and will be brought back for Council's approval on certain required revisions. The plan must be updated annually and submitted to DHEC by September of each year. Council discussed certain sections in the plan that they did not agree with. Mr. Allgood suggested a work session on the plan to determine if this was the direction that the County wanted to go on solid waste. Council agreed that the document was only a plan explaining what direction the County was headed for the next 20 years, and any changes must come to Council for approval. Council heard from Dr. White, a member of the Solid Waste Advisory Council. Mr. Floyd moved to accept the plan prepared by the Solid Waste Advisory Council and Mr. Holden seconded. Vote was four in favor (Tolly, Banister, Holden, Floyd) and one opposed (Allgood). Mr. Allgood asked that this be an item of discussion at the March retreat.
