SUBJECT:	Press in Freetimes	DATE:	August 28, 2014

I dropped you an email a couple of days ago about your recent article in the Freetimes on 8/13/2014! I know how easily an email is missed and thought I'd check to see if you've seen it.

It's a great feeling to be in print and a plaque is an elegant way to capture and remember your great news. So you can see how your published article would look presented on a plaque we'd like to **create a preview image** and send it to you. We're offering this for free, just respond to the fax with a *'yes please'*.

There is no cost or commitment to the preview image and it's the ideal way to see how good your plaque looks. If once you have seen the preview, you decide to proceed, the wood plaque can be ordered online at a cost of **\$189**.

Just go to: www.ThatsGreatNews.com/FP1 and type in your personal ID: **3054824**. Check details of the article are correct and confirm. We'll then email you a free preview image.

Perhaps you have questions? Please call on 1-888-891-3985. To save you time when calling, quote your personal ID **3054824**.

Since I founded "That's Great News" I've helped over 200,000 people celebrate their news. I'd like to do the same for you, starting with sending you a free preview image.

Celebrating your great news,

Robert Roscoe
