Yes, the project manager for DMV is Jimmy Earley, DMV's IT Administrator. The project manager for CACI is Joel Kehm. I spoke with Neal McLean this morning, and he is trying to set up a meeting for Tuesday at the IT center at Outlet Pointe. We are arranging for the group to be able to speak with both Jimmy and Joel Kehm.

Thank you Marcia. Do you know who are the project managers on project Phoenix? Both for DMV and the corresponding individual for CACI.
