DSS

Serving Children and Families

Objectives for the Foster Parent Recruitment Plan

- Enhance the Agency's ability to recruit and retain excellent foster parents by
 - Refining/streamlining the licensing process
 - Improving Agency image
(dedicated foster care website)
 - Recognize current foster parents and encourage them to recruit others -

Asking for Governor's Involvement

Strategy #1

Business Process Redesign

- Increased the number of workers dedicated to improving the Foster Care system. This includes hiring new licensing workers, foster care workers and program coordinators, foster family support unit members and recruitment workers
- Resolved confusing licensing requirements by coordinating agreements with DHEC and the state Fire Marshal's office.
- Pulled in community and university partners across the state to support the recruitment efforts because DSS cannot do this alone

Timeframe – June 2015- Present

A Family for
Every Child
Become a
Foster Parent

Consider providing
your commitment,
care & compassion
to South Carolina
children.

ASK ME ABOUT
being a
**FOSTER
PARENT!**

DSS
Serving Children and Families

More than
4,000 children
in South Carolina need your help.
Become a Resource Foster Parent & help us find
A Family for Every Child

Resource families (foster families) get
training and support from DSS to provide safe,
nurturing, stable homes to children in foster care.
Individuals or couples can be licensed as resource
parents.

Children in foster care have
experienced trauma and
need support to help them
heal.

Be a part of strengthening
our community and consider
answering the critical need
for resource families in SC.

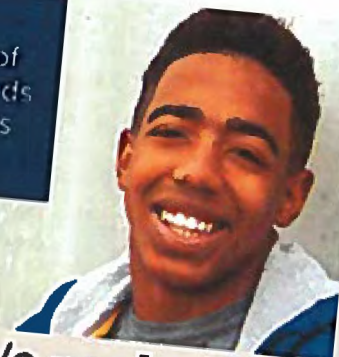

To apply,
contact your local training or recruitment
social worker at (803) 735-1234.

The Department of
Social Services needs
your help for teens
in Foster Care.

South Carolina's
shortage of foster homes
affects African American
teen males the most.

**We need
foster homes!**
