Re: 1st FOIA Regarding Willowglen

Dear Ms. Crum:

Thank you for your request of September 30, 2011. I have communicated with the areas of the agency most likely to have responsive information. Since there are some time constraints, we believe that the information can be most quickly reviewed by you if we gather the information in a central location. At that point, you would be able to review the information and tab it for copying. We estimate the total volume to be around 1000 pages, many of which are already available to you through your client.

Since you represent Willowglen, and any individually identifiable health information included in the files would be available to Willowglen, do you still think that the files need to be redacted? If so, we will isolate the documents containing the "PHI" for redaction before providing them to you.

If you would like to arrange a time to review and tab for copying the documents in the files, please give us a couple of days notice and we will set up a space here for you. If there are any questions, please do not hesitate to contact me at (803) 898-2791.

Sincerely,

Richard G. Hepfer
Deputy General Counsel

cc: Bruce Carter, Office of General Counsel
