

Dorcas Haley:

Oct. 12, 2016

you, have truly, been God, sent
in many ways, but especially, during
this terrible storm. The way you have
tried, to protect, citizens in S.C., reminds
me, of how, a mother, tries to, protect her,
children. The love, you have shown, for
each of us, as South Carolinians, has been
so overwhelming. As a mother of a State
Trooper, I personally, want to, thank you,
for considering, his life and the lives,
of all law enforcement and rescue
workers and all that worked
tirelessly, to protect and serve
without your quick action,
to make necessary calls,
so many more lives
would, have been, lost.
Then you called, for
prayer, it made me

So proud, to say, Dorrus Haley
is my grand. Our God, is an
Awesome God and He directs our
paths, thru great leadership, like
you and your team. Our lives, were
changed, or interrupted, for just a
short while, but Blessings can come
out of tragedy. God is, God on the
Mountain, and in the Valley. From
the family. I, humbly, say Thank You
for watching, over our state, like a
mother, watches over her family.

May God Bless You
May God Bless Everyone
