I bought a park pass to use at Paris Mountain State Park. I know you said we would get an additional month for April when the parks were closed. My question is can we get our park passes extended for each month that there are limited hours and the park closes during the day? I work all week and Paris Mountain has closed as early as 10am on the weekends. With the current times and limitations it's impossible to get to the park-the lines before the gates open are ridiculous and unsafe with traffic. As a park pass holder it is upsetting not to enjoy the months I paid for - is SC State Parks going to do anything for those in my situation?

Will we get an extension on our park passport for the months when the hours are limited/the park fills up? I work during the week and it is a mad fight to get in on the weekends (reaching capacity within a half hour of the gate opening). There is only one park near me and I'm thinking that I am not the only one feeling this way. Will South Carolina State Parks addressed this?
