Great. I'll be in New York that day, so if you could encourage him to get with me so he can see our work beforehand, that would be great. I'm also happy to meet with him in Boston or New York with Megan.

Thanks-

Great. Please just keep me posted on that.
I'll check Tony's availability before I have Megan book.

Thanks-
Joe

I heard from Jeff, and it looks like he has to change to either June 20th or 24th...haven't heard which it'll be yet.

June 6th is the last day of session, so I'm sure I'm not available then, unfortunately. The 7th looks OK at this point, provided that we don't have the budget on the Governor's desk then. Feel free to reach out to Jan...just as an FYI, though, John's often not in Columbia on Fridays. Thanks.

Hi Christian,

Megan will be back in South Carolina to present the final feasibility analysis, financial model, and recommendations to the government on June 6th and 7th. I am hoping that there will be a time—perhaps on Friday, June 7th—when we could meet with you, Tony, and John to present the final analysis and discuss next steps. Let me know if I need to reach out to Jan to get on Tony's schedule. Hopefully at least some of the legislative chaos will have subsided.

Also, it would be helpful if you could encourage Jeff Liebman to consider meeting with us before or soon after his visit on June 17 and 18 so that he can get a sense of the work that has already been completed. I have reached out to him, but have not succeeded in getting him to agree to a time to meet or chat. Without him having a good idea, I'm afraid we are going to get slowed down by having to double back on things already done.

Many thanks-

Joe
