Dear Governor Halyey,

My name is Cora Hunter, and I am in the 3rd grade at Cary Christian School in North Carolina. We have just finished studying all the states in our wonderful nation. My teacher's are Mrs. DeDecker and Mrs. Clarkson. Our class is trying to collect 50 postcards, one from each state. I would be so happy if you would consider sending me a postcard, so that I can share with the rest of my class. If we are able to accomplish our goal by the end of school we get a party! Thank you in advance for considering. I have enclosed a stamp for the postcard. My classmates and teachers are sure to be impressed if we receive a postcard from the Governor.

Sincerely,

Cora Hunter
