Legislative Oversight Update

Last year, the Legislature passed a law providing for the House and the Senate to each, separately, perform a periodic review of all State agencies. Starting in 2015, the House and the Senate will each select 5-10 agencies to study. This year SC DMH has been chosen for review by the Senate.

The purpose of these reviews is to inform the Legislature in detail about an agency's programs and operations and to ensure the agency is operating as the State intended. Stewart Cooner, Director of the Office of Special Programs, has been appointed as the DMH liaison to the Senate staff conducting the review. During the review process, Mr. Cooner will be asking DMH staff to provide information being sought by the legislative staff.

DMH is looking forward to working with the Senate and its staff to educate them about the many critical health care services the Department provides to the citizens of South Carolina, through its competent, caring, and outstanding workforce.
