Subject: Roads

Hey Chaney,

I'd like to talk with the governor on Monday or Tuesday of next week about roads. Not her position on the current, ongoing situation in the Senate, but on the overall infrastructure needs of the state as she sees it.

Looking into what funding delays mean for taxpayers and road conditions, how important passing a roads bill and/or new funding is, what she is hearing from companies/constituents/other leaders, etc.

It will be a fairly large piece and I her input will be valuable.

Again, I'm not looking to ask her whether a filibuster is the best way to negotiate roads, but rather what the cost is if nothing happens.

Let me know as soon as you can, thanks,

Gavin
