

October 18, 2016

Dear Gov. Haley,

I felt compelled to write and thank you for the leaderships you have provided for our state. Not only before, during, and after Hurricane Matthew, but through many other events you have been the voice of reason, common sense, and assurance to our beautiful Palmetto State.

I look forward to seeing where you go next but you would be great as the head of FEMA! As a fellow Clemson graduate, you make the rest of us proud, but more proud to be a South Carolinian! Thank you
Sincerely, Susan Lawson
