## From NASUAD

### NASUAD Members at WHCOA Regional Forum in Phoenix

NASUAD members Lance Robertson (OK), Heather Babbitt (WY), Charlie Rehbein (MT), and Nels Holmgren (UT) attended the White House Conference on Aging (WHCOA) Phoenix Regional Forum on Tuesday, March 31.

The four areas of focus for the WHCOA, healthy aging, long-term services and supports, retirement security, and elder justice, are critical to all members of the Aging Network and State Units on Aging throughout the country. If you are unable to make a regional forum, consider holding an event in your state.

### NASUAD Spring Meeting and MLTSS Symposium Registration Open

The National Association of States United for Aging and Disabilities (NASUAD) will host its 2015 Spring Meeting in Baltimore, Maryland, on **April 22-25**. This year's meeting is divided into two parts with one fee that covers the entire event.

The NASUAD membership meeting will take place **April 22 and 23**. Participants will learn important updates to federal regulations and policies, discuss findings from the first year of the National Core Indicators-Aging and Disabilities consumer survey, and share experiences on how to address the challenges facing states as they deliver high-quality long-term services and supports. Participants will also have the opportunity to meet and discuss issues of concern with federal officials from ACL and CMS; members will participate in setting NASUAD's policy priorities for 2015.

NASUAD will host the Managed Long-Term Services and Supports (MLTSS) Symposium on **April 24 and 25**.

Participants will engage in in-depth conversations about key issues in MLTSS and learn more about the valuable opportunities managed care provides for state system development. Currently, registration spots are being held for state representation, however NASUAD invites our partners in the aging and disability community, health plans and their representatives to be put on a

waiting list to see if space is still available.

## HCBS Clearinghouse E-Clips

*This section of Friday Update highlights reports that have been added to the HCBS Clearinghouse within the past week. Visit [www.nasuad.org/hcbs](http://www.nasuad.org/hcbs) for more information.*

### Housing and Health Care Partnerships Toolkit

The LeadingAge Center for Housing Plus Services has published a new toolkit, *Housing and Health Care: Partners in Healthy Aging*. The toolkit offers resources and guidance to help providers of affordable senior housing and health care partners work together to improve health, safety, and quality of life for housing residents, while also decreasing unnecessary health services and achieving cost savings.

### More Than a Meal: A Study of Meal Service Delivery

In light of a rapidly aging population, increasing costs, and funding that is not keeping pace, programs like Meals on Wheels face unprecedented challenges to meet the growing need for meal and nutrition services. Decision-makers at all levels of government and community-based organizations within the Aging Network are increasingly seeking lower cost solutions to stretch constrained budgets. This study conducted by Brown University compares the experience and health outcomes reported by older adults who receive three different levels of service: daily traditional meal delivery, once-weekly frozen delivery, and placement on a waiting list.

## Centers for Medicare & Medicaid Services

### Summer Intern Program to Be Announced

The 2015 CMS Summer Intern Program will be announced **during the week of April 6, 2015**, via vacancy announcements posted to [USAJOBS.gov](#). Vacancy announcements will only be posted for three days.

This 12-week internship is designed for current students with an unweighted cumulative GPA of 3.0 or higher on a 4.0 scale. The purpose of the Summer Intern Program is to enhance students' knowledge about CMS programs, mission, vision, and goals. The program seeks to familiarize participants with Federal, State, and local health care programs.

## Internal Revenue Service

### Tax Prep Help from the IRS

The Internal Revenue Service (IRS) offers free tax preparation help through two programs: Volunteer Income Tax Assistance (VITA) and the Tax Counseling for the Elderly program. The VITA program is usually limited to people who make \$53,000 or less, individuals with disabilities, the elderly, and people with limited English proficiency. The Tax counseling for the Elderly program offers free tax assistance for all taxpayers, particularly those 60 years old and over, and the program specializes in senior issues, such as retirement and pensions.

## From the Supreme Court

### Supreme Court Decision Limits Provider Ability to Sue States

On Tuesday, March 31, the Supreme Court issued a decision in the Medicaid lawsuit, *Armstrong v. Exceptional Child Center, Inc.* The case originated in Idaho, and initially dealt with a challenge of the state's Medicaid reimbursement rates for certain

services. On appeal, the Supreme Court was asked to determine whether providers have legal standing to sue state Medicaid agencies about reimbursement rates under the Medicaid statute, the Constitution's supremacy clause, or any other law. In the ruling issued Tuesday, the court opined that providers do not have legal standing to sue. The 5-4 decision stated that the Medicaid statute provides the Secretary of Health and Human Services, and CMS by designation, the sole enforcement authority over Medicaid reimbursement rates.

## National Task Group on Intellectual Disabilities & Dementia Practices

### **Workshop Series on Dementia and Intellectual and Developmental Disabilities**

The National Task Group on Intellectual Disabilities and Dementia Practices (NTG) has scheduled a series of two-day workshops based on the NTG's newly developed Education and Training Curriculum on Dementia and Intellectual and Developmental Disabilities. Content includes national dementia policy, dementia program and support options, direct care and supports based on degree and stage of dementia, medical issues, environmental designs, supporting families, and other related matter. The workshops are geared for program staff and other personnel in disability-related, healthcare, and aging-related agencies, as well as family members and others needing to know more about how dementia affects people with intellectual and developmental disabilities and how to provide community-based supports and care for affected adults. Workshops are currently scheduled for King of Prussia, Pennsylvania (April 7-8), Kansas City, Missouri (April 27-28), and Schenectady, New York (June 9-10).
