I have written several petitions the repairing
of my home to no avail.

Since my home is worsening by the day to say the

being permitted to have cookout with family
and friends as any time.

They also cancel my counseling appointment:
Because it they can only take me morning some Friday
days. They said mother can take me if she
signs a piece of paper my mother will
sign the paper is they pay her for
taking me.

Seegs is a hundred forty nine and
water bills is for they is not pay it
all time some time they pay it. My rent was
two hundred a month this and this and
the when up to Three hundred ninety
nine.

We can't pay my rent or light bills and water bills and my cable bill. But the Dorchester County board of disabilities told me that my rent be two hundred for long as I living here. But they lie to me about my rent raise: it up to three hundred ninety nine a month. I would like to have a swimming pool in my back yard.

I would like to have a fenced in yard and I would like side and back yard fenced to. I would like to screened in my porch. I would like to screened in my back porch. I would like my front porch screened in as long long is I: PC rent their.

P.S. I voted for you niki: Heley and every body else. something about the board of disabilities and missing money they're going to do something about stuff in their campaign election that is why we voted for you because you said going to get stuff done when that's why I wrote to say that when we voted you will stand before

Answering I hope you can do this for
