Perry.

a question. On the 18th at the beginning of the day the plan will be to take group shots - each foursome with the Governor. What they would like to do is be able to get prints of the photos you take that morning to hand out at the reception that evening. We have someone to handle running to CVS or somewhere on island and getting printed - but wanted to make sure with your fancy camera - that we could do that :)... I wasn't sure if your camera has a memory card that we could give to someone to get prints or not. Can you let me know!

Thanks!
