---

On the highlighted notes...we're OK with what you have for Lottery, DHEC, DNR, and SLED. I think we're OK with Prosecution Coordination Commission too, but let me get back to you on that in the morning. The health/tobacco numbers look right too, but we'll also confirm that in the AM. Thanks.

**Subject:** Draft Gov's SCD

Christian and Josh,

Attached is the draft of the SCD. There are some areas highlighted with notes to the right that I will need feedback on and please take a close look at the Health Funding Provisos column (Tobacco Money). Also, please let me know if the descriptions work for you.

I'll continue you to review the document and will send you an update if any major changes are made prior to your final review.

Thanks,  
Quentin
