The Honorable Senator Lindsey Graham (R/SC) 13 September 2014 Saturday

202-224-3808 facsimile Where there are no truths there is no Honor.

I am hearing you say more "U.S." Military on the ground in Iraq and Afghanistan, etc.!

Correct copy

One: There will never again be an alleged "U.S. SELECTIVE Service Draft of white skin (mixed races but white skin) American Nationals." Female is on the SSFORM as of 2002.

2010 census: white skin American Nationals are the Minority in their United (50) States of America, no longer a U.S. census. We are the only country that counts millions of unknown Aliens on our National Census, going back to at least 1980.

You will have to draft the 100 million plus unknown allens from the Middle East, etc. and all the Dual-Citizenship holders which has always been in our once U.S. Immigration and Naturalization Laws. There will never be another Pardon for deserters and draft dodgers, remember the pardon for over 30 thousand, just one block grant was 28,500, and no punishment and allowed to vote etc.

The Majority of the U.S. Military going back to the beginning of the U.S. is white skin American Nationals and the Majority of the Honorable U.S. Disabled Veterans dying while begging you and all others for their Honorable VA Disability Benefits to be Honored. My Hon. VA Disability Claim will be 21 years as of 08 OCT 2014 continuous, I was told in 2007 by the VA that the longest was 52 years long. But...millions of unknown aliens can get 100% U.S. Federal, state, city and county Benefits without even verifying their identities let alone their USINS Status including US National ID's state drivers and state ID's to VOTE, buy guns etc. everything!! They don't even have to prove the children they bring in for US Benefits are even theirs...you would have to do DNA on all. What did then Gov. Huckabee say? "the babies in these illegal aliens mother's wombs were already U.S. Citizens!" As soon as they show they are pregnant they receive 100% U.S. Benefits "Department of Human Resources in every state." Remember 1997 and the 15 million plus 245(I) Amnesty, INS Revisions & INS 1996??

Two: Please tell me how you and all others can hand out "PINK SLIPS" to American National Soldiers on the battle field? 2,500 to Captains, Majors, and now the Navy just to try and find money!

CNN DEC 2012- report-the British soldiers were complaining that \$754,000 lump sum U.S. cash was not enough money for critical head injuries etc. and so you all gave them in JAN 2013 US lump sum cash \$1.3 and they also get our U.S. Social Security Funds (what do you give the dead soldiers families \$2 million plus?) You give this to all NATO soldiers excluding American Nationals who rely on bake sales!!

Three: Row vs. Wade 1973-in 2007 came out over 50 million American Nationals killed by abortions, Genocide. And millions of dollars made selling their organs, body parts, hands, hearts, feet are plentiful, hearts are \$50,000 and up these numbers are for 1996 see archives under cover CBS 60 Minutes with an Mexican National in the United (50) States of America. Let's not forget the baby in the womb at 5 months and was having heart surgery and the little hand came out of the womb and grabbed the surgeons finger and held on.

Truths will come out spring 2016 and let American Nationals decide.

CC: Media and Members of Congress (U.S.?)

Why should our Living God and Lord Jesus Bless America? Hon. US Disabled Veteran Patti B.
