Emma, thanks. I'm the Laurens Co delegation appointee for this proviso. Let me know if you need more information

**34.57.** (DHEC: Lake Conestee **Dam** and Reservoir) Of the funds appropriated and authorized to the Department of Health and Environmental Control, the department shall appropriate up to \$185,000 to the Conestee Foundation, the owner of the Lake Conestee **Dam**, to conduct an expert **dam** engineering study. The objective of this study shall be to examine alternatives for the rehabilitation and/or replacement of the present Lake Conestee **Dam**. The study shall include all inspection, survey, engineering analysis, risk calculations, sampling and environmental testing activities, and hydrologic modeling necessary to evaluate all viable alternatives, and related construction and long term care costs and other related requirements necessary to compare the alternatives in accordance with appropriate state and federal agency requirements, and customary **dam** engineering requirements. The study shall identify a Final Recommended Alternative appropriate for final design and construction. The contractor conducting the study on behalf of the Conestee Foundation shall be selected in a manner similar to state procurement standards. The panel selecting the contractor shall be made up of one representative of the Conestee Foundation, one representative from the Department of Health and Environmental Control, one representative appointed by the Greenville County Legislative Delegation, one representative appointed by the Greenwood County Legislative Delegation, and one representative appointed by the Laurens County Legislative Delegation. The study must meet all regulatory requirements, and the Department of Health and Environmental Control will provide review of the study and scope of work. The funding of this study does not obligate the State of South Carolina in any way to the future costs of the anticipated rehabilitation or replacement of the **dam**.

Danny,

The other Danny asked me to coordinate with you on your appointment to a board that I do not know the name of, I confess. I'm working on some delegation items/appointments today and wanted to follow up with you to get the correct details. I believe he was going to forward me your text and then forgot.

Thank you for your help!
