#### Description/Significant Features:

The single-story Minimal Traditional frame residence stands three bays wide, and two piles deep. The house rests on a brick foundation and is clad in original asbestos shingles. A cross-gabled roof tops the house and features flared fascia on its front gable end. The house is accessed by a centrally placed recessed door on the building's facade. The door (which appears original) is covered by an engaged single-bay porch supported by a wooden post which appears original. The house additionally retains its original paired multi-light wooden sash on all elevations. A single-bay screened-in porch rests on a brick foundation and extends from the building's right side and is likely an early addition.

Alterations (include date(s), if known):

screen porch addition (mid/late-twentieth-century)
