

August 23, 2014

Governor Haley,

I have had a few events in my life that became marquee moments for me.

Thursday, August 21, 2014 will register as one of the most

memorable moments of my life when you traveled to Charleston to personally present me with the Order of the Palmetto.

Please accept my thanks for such a high honor and know that this recognition has inspired me to work even harder for the "betterment of South Carolina."

Again, thank you for this prestigious award.
