Dear Governor Haley,

My name is Bonnie Shaver. I have written to you one time before about a crazy prison sentence my son received a couple of years ago. My son went and got some 4 pills for a childhood friend that was working for the police. They sentenced my son to 15 years in prison. He was working a full time job and had full custody of his two children. A guy in a neighboring county got 18 years for killing a baby. What the heck? A very nice gentleman from your office contacted me and we talked about parole and how to get in touch with the parole board. I was actually shocked and honored that someone from your office actually took the time to call me. Thank you! By the way I did vote for you.(lol just a little sucking up). No but seriously. I have another problem now. My son applied for a PCR hearing. The first time he was getting on the bus to come to York County and they stopped him. His paperwork wasn't ready. The second time (just this week) they brought him all the way to York County and then told him, his paperwork had been lost. Robert had a lawyer, Bill Hancock, he passed away. Now Robert's lawyer Mike Hemlepp is saying the court reporter (I think he said), drug court, lawyer papers have been lost or misplaced. No one seems to know where his paperwork is. Which was really disappointing, to Robby and our family. The situation with his kids is getting worse. The ex-wife moves them from home to home with different men. The last guy she was with, had a CDV charge against her and when they went to court the Judge put that guy and his son out of his own home for several months. To say the least he was p.o.'d. I am scared for their safety. You hear all the time where men kill the kids to get back at the mothers. This guy is also on some type of medication. She said he is crazy when he is off of them. They have not been going to school right. Her latest thing now is she is moving out of town with them. Robert was a good father. He is not a violent person. He is no danger to society. Another thing to is since they've moved him back to Trenton is release date and parole date are for more time. Before they took him to court his release date was 2020 now its 2021. His parole date was 7-2015 now it says 11-15. How can they change it like that? Please I am desperately asking for some help...If not for me, for his kids. If you ever have the chance to talk to Robby you can just tell, he is not violent, very polite and respectful. I know

he is no angel but 15 YEARS. We need your help. Don't want to be reading about my grandbabies in the newspaper. I don't really know what else to do. The kids are the ones suffering. Just really need some help right now. How do we at least find his paperwork? My son is Robert Shaver #234875. Thank you so much for anything you can do to help.

Thanks, Bonnie Shaver
