Cindy,

Yes we will. I have been out of the office and just have not gotten to it. Sorry for the delay.

Tony

Subject: Will you be able to write a letter of support?

Hi Tony,

I hope you are having a good day. I just wanted to follow-up with you to see if are able to write a letter of support as mentioned in the email below. A draft sample letter is attached for your convenience. I think the letters are needed by Tuesday of next week at the latest (April 8th).

Please let me know if you have any questions. I hope that you will be able to support this very important collaborative initiative.

Best Regards,
Cindy

Subject: Letter of Support Requested from the Lt. Governor's Office on Aging

Dear Tony,

The USC Arnold School of Public Health is applying for a special grant from the CDC to become a Healthy Brain Initiative Network Collaborating Center. The primary objectives of the center would be to conduct research regarding cognitive health and healthy aging, as well as to address action items from [The Healthy Brain Initiative Public Health Road Map](#) which seek to educate and empower citizens via increasing public awareness and access to information and resources.

The Alzheimer's Association South Carolina Chapter is strongly supporting this effort, as its goals echo both our National Alzheimer's Plan and our state plan to address Alzheimer's, which the Office on Aging was instrumental in crafting. We hope that the Lt. Governor's Office on Aging will also provide a letter of support for this application. I've attached a suggested draft letter, but please feel free to edit as needed.

Dr. Daniela Friedman, the principal investigator, hopes to collect all letters of support for this effort by the end of the week. You can feel free to submit your letter directly to Daniela at dfriedma@mailbox.sc.edu, or you are welcome to send it back to me to pass along.

Thank you for your consideration of this request! I hope you'll join us in formally supporting this exciting opportunity.

Best Regards,

Cindy
