To: Governor Haley,

My name is Charlesetta Taylor and I am writing you or should I say begging you to please as a mother to hear me please. I saw you on T.V talking bout giving first time offenders a second chance with 85/65 Law, praying for violent and non violent.

I have one son thats in prison, he has no prior and dont have a criminal record and he is a first time. He is also a father of four a hard worker always had a job, helpful to the elderly in his community.

I am very ill and I pray I dont pass while he is in prison.

I am sure there are others there also who deserve a second chance. We all have made mistakes and God forgave us every day, so I'm pleading please pass that bill for all first time offenders. As a mother to a mother. And thank you for what you are doing, has done, and will do.

Sincerely,
Charlesetta Taylor
