Subject: Today's news conference

Hi Chaney,

Strictly for our planning purposes, to decide whether I'll be covering it or Dawn will, can you tell me a little about what today's 1:45 news conference with the governor, superintendent, and Chairman White is about?

And since it's not until 1:45, we might need to go shoot video of whatever they'll be talking about, which we would need to do before the news conference, especially if it's school-related and school will be out after the news conference.

Thanks!

Robert
