FYI

I just talked to Ms. Alexander about services for her mother, Shirley Childress (age 73) She said that she has already been in contact with Susu Wallace, I/R&A specialist in Upper Savannah and that she is helping her. Ms. Alexander did not realize that we were part of the same network. Susu has given her some paperwork and Ms. Alexander is in the process of completing it. Although it appears that Upper Savannah is on top of this case, I will monitor it. Kay

Can you please have someone coordinate with Upper Savannah to have Ms. Alexander evaluated. Thank you.

Good Afternoon Ms. Kelly,

I am the right person. Can you provide the constituent's contact information and the county they live in please. I will have the appropriate area agency on aging reach out to assess her for what services she needs/ qualifies for.

Hi Catherine,

I'm not sure if you are the person to contact or not, but we just received a phone call here in Senator Verdin's office from a lady requesting help caring for her elderly mother who has dementia. Do you know of a centralized place I can send her to see what programs she may or may not qualify for?

Thanks so much,
