Dear Governor,

Thankyou for taking the time to read this, so that our country will be saved. Ever since our country has started to accept homosexuality (with movies like The Birdcage,

Mrs. Doubtfire) We have been in a freefall. The rise of crime and immorality started in the 90s.

The Lewinsky scandal, unhealthy unions, 9/11. Shaky presidential elections, lack of peace and unrest unhappiness and insecurity. Severe immigration problems.

The Supreme Court put a KY woman in jail for not allowing gay marriage.

Alot of

people, including Christians, have accepted homosexuality and let it engulf our country. We need to reverse it. Please talk to their leaders, tell them to stop pushing their agenda on people. The Roman Empire fell once they accepted homosexuality. Robert DeMattei is the deputy head of Italy's National Research Council. He claims the Roman Empire was fatally weakened after conquering Carthage, which he described as " a paradise for homosexuals." This is why our country is in a complete freefall right now and I am soo afraid.

If we continue to accept and defend homosexuality our country will not survive.

There will continue to be an influx of illegal immigrants and many peoples' hearts failing for fear. I know some states are deporting their illegal immigrants. I plead with you that you do the same. Make the policemen rat them out and put them on planes back home. Please research and pray on where you should get the money to do it. (maybe DHS ?)

Governor Pence has come up with a Religious Freedom law. It gives people the right

to ban homosexuals from their churches and the right to not hire them. So, Please get your lawyers ready. Other things you can pass include DOMA, (The Defense of Marriage Act). It stops homosexual couples from having the same rights as heterosexual couples do. You can direct your state's Department of Libraries and archives to issue revised marriages licenses to the county clerks in your state. Tell them to leave no space for a clerk's signature (another way you can disapprove gay marriage and keep the clerks' hearts clean). Please think of ways to stop and overturn the Supreme Court Law, a law that Justice Elena Kagan passed (she is a lesbian). You can overturn the gay marriage ruling by amending the constitution, with Doma and the Religious Freedom Act.

Don't defend and accept same sex marriage. If you do our country will continue to have immigration problems, our country can't handle much more. Our children have a right to be happy and enjoy their childhoods. People have a right to earn a decent living and not be controlled and afraid psychically or with witchcraft. Please make America happy and free again.

Thankyou soo much for reading this. I pray that you the right thing for the sake of our children and the women.

Kendra Brown
