Hi Elizabeth.

I am here today. You are welcome to come to my office now to discuss this.

I have a 10:30 meeting.

Thanks

Sue

Good morning. I think both of you are out today so I figured it would be easier to email. Is there any other office furniture available? Mine is looking pretty rough. The finish on the desk is pulling off on the side drawers and the middle drawer has it completely pulled off. Also, as far as I can tell most all of the materials in my office are on Medicare and Insurance. That includes the entire bookshelf, file cabinet and little hutch. I wasn't sure where I should put the stuff and wanted to check before I moved anything because it is a large amount of stuff.

Thanks!

Elizabeth
