**Subject:** Recognize Coptic Christians

Dear Governor,

I am Coptic (Egyptian) Christian. I am a MD physician at Myrtle Beach, South Carolina. I have an excellent relationship with all my patients and coworkers. I pay 20% of my income for federal and state taxes. I fly back to Egypt every year to renew my visa as required by state department. I am a law abiding person, never broke a US law, and even never had a traffic ticket.

I send you this message to draw your attention to the Coptic Christian community, whom are exceptionally loyal and grateful to this great nation. We are Egyptians not Arabs nor Muslims. Please, do not confuse us with Arab/Muslim community.

I am more loyal to the United States of America than Egypt. I'd vote republican if I had the right to vote.

Thank you and best wishes to you.

Regards,

**Amir Yosef, MD**
