Dear Governor Haley,

Dear Elected Official:

As an elected representative you have a duty to represent your electorate AND to uphold the Constitution. As such, I implore you to uphold the Second Amendment. It is a clear, concise amendment that is a core part of our Bill of Rights. The right to bear arms is not in any way ambiguous, nor is it related to hunting, personal defense, or sport shooting. I fail to see why so many legislators feel they have license and authority to undermine our constitutionally guaranteed rights. It is very clearly written that this right shall not be infringed; Period. This should not, nor can it, be amended.

Respectfully,  
Jason Gerner
