John Magill, the director at Dept of Mental Health, let me know he had some folks who would talk about problems with Procurement and IT - both numbers are below if you guys don't mind giving them a call. Mike, he sounds reluctant but given DMH's role as the SAP pioneer (where I hear it hasn't gone well) he should be a huge help.

Thanks much,

Chad

Chad:

I enjoyed our brief conversation yesterday. Here are the names of the 2 individuals we spoke about. Herb from IT is a little nervous and would prefer to talk over the phone or he is willing to meet outside of the office. Masoud said he could give you an hour to two if you wanted to about procurement.

Herb Drucker, Information Technology, 803-898-5809
Masoud Mahini, Nutritional Services, 803-935-5188

Good luck on your project and don't hesitate to give me a call if you think I can help.
