Subject: Questions from House members - via text and phone

---

Questions from House Members:

Did our Cabinet Directors request the items and amounts in the bond bill? What did they request to the gov office for the executive budget?

If they didn't how did White come up with these numbers?

Is the governor going to come out against all the cabinet items? And ask her cabinet directors to ask White to take them out?

Were they told it would be in a bond bill? What details were they given about their request(s)?

What is the difference in our workforce program vs. White's?

AS – can you send me information about the workforce items that need to be put back in the budget so I can forward them to the Speaker?

Thanks, KV
