Christian and josh,

I just received from PEBA the state health plan's budget requirements for FY 2013-14—see Attached. (The 3-yr budget letter is for our use in developing the three year financial outlook.)

I didn't know if PEBA has been discussing these numbers with you before today so I wanted to be sure you had them ASAP.

Les

Hey Les,

Here are the three year budget letter and the budget request letter (and attachments) for 2014. We are mailing hard copies to you as well.

Sorry for the delay in getting this info to you.

Thanks,

Good Morning Stephen,

I know you are back as legal Counsel but could you check for us on the status of the EIP budget request for FY 2013-14 (CY 2014) and the corresponding 3 yr forecast. We are finishing our work on the Three Year Financial Outlook and this is our only outstanding item.

If there is a better contact person during this transition just let me know.

Thanks

Les
