Austin,

I reached out to our site manager . There was no quota system. We did close the line early on Monday as we did not think we would be able to timely serve everyone in line if the number was not limited- safety and security issues. This is allowable under FNS guidelines. For the remainder of the week, the line remained open until 7 PM as advertised and there were 0 persons in line at 7PM. No one was turned away on those days. We took 31,256 applications in Richland County. Please advise if further information is needed.

Joan

Austin, I have heard from folks that some working families would get to Word of God and not get seen due to quota cut off. They could not take off work and could not get there in time to apply, what do I advise them?

Thanks,

Sue
