Subject: RE: SCEMD Legislative Interface

Katherine,

I hope you are having a great day! Whenever you have a minute could you please help me with the following questions?

1. For the PowerPoint presentation we have for Friday's briefing, will we need to bring our own laptop and projector to the auditorium? How much setup time will we need?
2. Do you know how many staffers will be present on Friday? We have a packets of information for each attendee and also an EMD tumbler if you think it would be appropriate.
3. Representative Bernstein asked for me to attend a meeting tomorrow evening. I want to email her to confirm the details and I thought I had her email address but I can't seem to find it. Would you mind sending it to me when you have a minute?

Thanks so much!

Katherine,

Per our earlier conversation, we will present current flood cost estimates, an overview of the various FEMA programs (public assistance, individual assistance, and mitigation), non-federal cost share estimates, programmatic timelines, and challenges. The emphasis will be on estimated costs but background on the various programs will assist in an overall understanding of where we are in the process and where we are headed.

Please let me know if you have any questions or if you need anything else.

Regards,

Kim

Hope all is well! As a follow up to the emails below - are you available this Friday, 1/15 at 1:00pm or 2:00pm for a

Senate and House staff briefing in the Statehouse auditorium?

Thank you,
Katherine

Elizabeth,

We're happy to help and I think that these types of meetings will be valuable in advance of this year's appropriations process. Katherine Veldran, our legislative director will facilitate this meeting; we're anticipating 8-10 legislative staff, a couple of your folks, and Katherine and I.

Thanks,

Josh

Josh,

As you know, SCEMD is working diligently to ensure that the flooding cost estimates we provide to the Legislature are properly documented and explained. The programs that we work with can be complex, and we would appreciate your assistance in coordinating opportunities to explain the numbers and programs in more detail to the staff members from the legislative committees.

Thanks!
Elizabeth
