Help Me And MY Family PLEASE

To the Honorable:

Ms. Hailey,

I'm currently at Wateree River Correctional Institution serving a 10 year 85% sentence for ABHKN. I have won my PCR in Nov. 2014 which was Granted by the Honorable Paul Burch. I've been in the Appeals process since Feb. 2015 and have not received no type of relief and feel that if the tables were turned this type of action would not be accepted! I'm asking you to please look at this issue and see if you can make a reasonable call for the Supreme Court Judges to act legally without maxing out my 10 year sentence that's been overturned do to negligence of the system!

I was a great citizen to my town (Chesterfield) I served for my country in Iraq during the years of 2003 to 2004 with 3/178th Field Artillery. I was honorably discharged in 2004; and continued to live my life as a peaceful man who wishes no harm on anyone. I just want to be there for

my family. Me and my family have suffered enough for my ignorance of law and feeling like all people integrity level was up to par!

Thanks, Noah Munford
