Dear Mr. Jordan:

We have reviewed your application dated February 4, 2014, requesting designation of one or more Health Professional Shortage Area(s) (HPSA).

Based on the information received or otherwise available, we have made a determination about your request(s), which is displayed on the enclosure.

If the enclosure shows a new, continued, or reinstated designation, we have determined that your request(s) met the established criteria for this type of designation. The designation of these are effective as of April 4, 2014.

If the enclosure shows a designation that has been proposed for withdrawal, we have determined the designation no longer meets the established criteria. The withdrawal of these will not be effective until the date of the next Federal Register publication listing designated HPSAs.

If the enclosure shows that a designation has been replaced, this is effective as of April 4, 2014.

We appreciate your cooperation in this joint effort. If you have any questions, please contact Ms. Kristen Jackson of my staff at 301-594-0816.

Sincerely,

*Kimberly Kleine*
