Dear Friends:

5 Days!

That's how many days we have left in August to reach our next fundraising deadline. And we need your help.

Please help us hit our monthly goal by donating $10, $25, $50 or $100 today.

Your contribution will help us launch into our final sprint towards early voting in October and Election Day on November 4. Thus far, due to your generous support, you have helped us exceed our summer fundraising goals.

And our opponent has noticed, launching into an early smear campaign that will continue to turn against him. He has not only helped boost our fundraising, he has helped us highlight the broad scope of legal work and experience I bring to this race.

As you know, I have practiced law - as a US Navy JAG officer, a federal prosecutor and in a private sector law firm, where I represented Fortune 500 companies and some of Nevada's top job-providers and taxpayers. My opponent, on the other hand, has practiced law for just over two years, as a Deputy DA. That is it. He has no experience as a federal prosecutor. No experience in a private sector law firm. No experience in our nation's uniform. And while he wants us to think is current job consists of practicing law, it does not.

So, with just 5 days left, please consider a contribution today. If you have already donated, I respectfully ask for one more as we bring the summer months of the campaign to a close.

Sincerely,

Adam Laxalt
