Subject: Think About Trump

Friends,

Many of you know that I support Ben Carson not because he is entertaining but because he has a moral compass, is conservative believing in the Constitution, and speaks thoughtfully without fear of being politically correct. That does not mean that Donald Trump opposes Ben Carson. On most issues they are on the same side.

The following was written several months ago but frames the problem for the Republican Party to decide if they really want change. In the end who do we want to lead that change?

**Subject: Wayne Allyn Root on Donald Trump**

## TRUMP

Some people are getting very nervous, including Barack Obama, Valerie Jarrett, Eric Holder, Hillary Clinton and Jon Corzine, to name just a few. And I know why.

I wrote a book titled “The Murder of the Middle Class” about the unholy conspiracy between big government, big business and big media. They all benefit by the billions of dollars from this partnership, and it’s in all of their interests to protect one another. It’s one for all and all for one. It’s a heck of a filthy relationship that makes everyone filthy rich — everyone except the American people. We get ripped off. We’re the patsies.

But for once, the powerful socialist cabal and the corrupt crony capitalists are scared. I’ve never seen them this outraged, this vicious, this motivated or this coordinated. Never in all my years in politics have I seen anything like the way the mad dogs of hell have been unleashed on Donald Trump. When white supremacist David Duke ran for governor of Louisiana, even he wasn’t treated with this kind of outrage, vitriol and disrespect. When a known fraud, scam artist, and tax cheat like Al Sharpton ran for president, I never saw anything remotely close to this. The over-the-top reaction to Trump by politicians of both parties, the media and the biggest corporations of America has been so swift and insanely angry that it suggests they are all threatened and frightened like never before.

Why? Duke was never going to win. Sharpton was never going to win. Ron Paul was never going to win. Ross Perot was never going to win as a third-party candidate. Those candidates either didn’t have or couldn’t spare the billion dollars it takes to win the presidency. But Donald Trump can self-fund that amount tomorrow and still have another billion left over to pour into the last two-week stretch run before Election Day. No matter how much they say to the contrary, the media, business and political elite understand that Trump is no joke. He could actually win and upset their nice cozy apple cart.

It’s no coincidence that everyone has gotten together to destroy The Donald. No, this is a coordinated conspiracy led by President Barack Obama himself. Obama himself is making the phone calls and giving the orders; he’s the ultimate intimidator who plays by the rules of Chicago thug politics.

Why is this so important to Obama? It’s because most of the other politicians are part of the “old boys club.” They talk big, but in the end they won’t change a thing. Why? They are all beholden to big-money donors. They are all owned by lobbyists, unions, lawyers, gigantic environmental organizations and multinational corporations like Big Pharma or Big Oil. Or they are owned lock, stock and barrel by foreigners like George Soros owns Obama or foreign governments own Hillary with their Clinton Foundation donations.

These run-of-the-mill establishment politicians are all puppets owned by big money. But there’s one man — and only one man — who isn’t beholden to anyone. There’s one man who doesn’t need foreigners, or foreign governments, or George Soros, or the United Auto Workers, or the teachers union, or the Service Employees International Union, or the bar association to fund his campaign.

Billionaire tycoon and maverick Donald Trump doesn’t need anyone’s help. That

means he doesn't care what the media says. He doesn't care what the corporate elites think. That makes him very dangerous to the entrenched interests. That makes Trump a huge threat. Trump can ruin everything for the bribed politicians and their spoiled slave masters.

Don't you ever wonder why the GOP has never tried to impeach Obama? Don't you wonder why John Boehner and Mitch McConnell talk a big game, but never actually try to stop Obama? Don't you wonder why Congress holds the purse strings, yet has never tried to defund Obamacare or Obama's clearly illegal executive action on amnesty for illegal aliens? Bizarre, right? It defies logic, right?

Well, first, I'd guess many key Republicans are being bribed. Secondly, I believe many key Republicans are being blackmailed. Whether they are having affairs, or secretly gay, or stealing taxpayer money, the National Security Agency knows everything.

Ask former House Speaker Dennis Hastert about that. The government even knew he was withdrawing large sums of his own money from his own bank account. Trust me: The NSA, the SEC, the IRS and all the other three-letter government agencies are watching every Republican political leader. They know everything.

Thirdly, many Republicans are petrified of being called "racists." So they are scared to ever criticize Obama or call out his crimes, let alone demand his impeachment.

Fourth, why rock the boat? After defeat or retirement, if you're a "good boy," you've got a \$5 million-per-year lobbying job waiting. The big-money interests have the system gamed. Win or lose, they win.

But Trump doesn't play by any of these rules. Trump breaks up this nice, cozy relationship between big government, big media and big business. All the rules are out the window if Trump wins the presidency. The other politicians will protect Obama and his aides — but not Trump. Remember: Trump is the guy who publicly questioned Obama's birth certificate. He questioned Obama's college records and how a mediocre student got into an Ivy League university. Now, he's doing something no Republican has the chutzpah to do. He's questioning our relationship with Mexico; questioning why the border is wide open; questioning why no wall has been built across the border; questioning if allowing millions of illegal aliens into America is in our best interests; questioning why so many illegal aliens commit violent crimes yet are not deported; and questioning why our trade deals with Mexico, Russia and China are so bad.

Trump has the audacity to ask out loud why American workers always get the short end of the stick. Good question.

I'm certain Trump will question what happened to the almost billion dollars given in a rigged no-bid contract to college friends of Michelle Obama at foreign companies to build the defective Obamacare website. By the way, that tab is now up to \$5 billion.

Trump will ask if Obamacare's architects can be charged with fraud for selling it by lying. He will ask if Obama himself committed fraud when he said, "If you like your healthcare plan, you can keep it."

Trump will investigate Obama's widespread IRS conspiracy, not to mention Obama's college records.
