

**INTERNAL STAFF UPDATE\***

Tuesday, December 1, 2015

---

**Flood – OPCON 5:**

Today at 10:00 a.m., EMD returned to OPCON 5 (normal operating conditions) after the flood. EMD will continue recovery operations at the JFO.

**Port Royal Property:**

Last week, at the request of Rep. Shannon Erickson, Josh, Haley and Beth had a call with the Mayor of Port Royal, the Town Manager, and a Council Member regarding the potential sale of the Port Royal property owned by the SPA. The town leaders are concerned that the current sales contract will fall through and wanted to express their desire to provide input to the Department of Administration regarding the auction of the property if it does not sell. If the due diligence period ends on December 11<sup>th</sup> without any movement, then we will coordinate a meeting between town leaders and Director Marcia Adams. Following the call, Rep. Erickson indicated the town leaders were pleased with the conversation.
