Subject: Donald Trump Needs You

I received this email from a representative of the "self-funding candidate's" campaign. Please expose this blatant prevaricating of the Donald. His "seig heil" moments seem to fly under the radar of his cult following and just gives him a progressively increasing impetus in his lust for leadership of the fourth reich.

Dear Patriot,

We are witnessing a Revolution! Donald Trump's huge win in New Hampshire has served notice to the career politicians and Establishment hacks that we are sick and tired of their failures and we are here to take our country back! We are ready to Make American Great Again. And now, I need you to help spread the word! Please chip in right now so we can keep this momentum building! Your contribution of \$5 will go straight to Donald Trump – we'll eat all the processing costs so he gets 100% and YOU will show up on his FEC report! And by chipping in even just \$5 more you will help us build a grassroots army to carry him home!

Donald shocked the world in Iowa, crushed them in New Hampshire, and he's on to win South Carolina next week – and together we can Stand with Trump now and help build momentum for another historic win!

Your gift of \$25, \$50, \$100 or even \$500 will make help fuel grassroots phone banks, print walk books and fund ads to help ensure we win!

As the former Chairman of the Tea Party Express and one of the founding mothers of the Tea Party Movement, I have learned from experience: The politicians in Washington don't have a clue! They've piled up nineteen trillion dollars in debt... sent our jobs overseas... and care more about being politically correct than protecting America!

I am just as sick and tired as you are hearing from the liberal PC-crazy media how we are idiots for supporting Trump. The way they tell it, border security, rule of law and common sense business practices have no place in our government.

Donald Trump is running to throw the bums out, rip the power from the hands of a few elites and get our country to start winning again – and we can help him do it! President Trump will:

Rebuild our Military and make America respected again in the world

Beat ISIS and radical Islam

Stop the scourge of illegal immigration

by securing our borders and building a wall that Mexico will pay for

Stand up to countries like China who

steal our jobs and rip us off.

Fix the VA and take care of our veterans

Repeal and replace Obamacare

End the circle of lobbyists and special
interests that are sucking us dry
Donald Trump knows how to lead
and how to win. And, he is winning right now! We
are beating the Establishment, but they will use every dirty trick in
the book to claw back up and tear us down. PLEASE DO NOT LET THAT
HAPPEN!
So, show your support for Donald Trump
and chip in right now! Your gift of just \$10, \$25, \$50 or more can make
a huge impact – and the first \$5 will go straight to Donald Trump!

In Liberty,

Amy Kremer
Chairman
TrumpPAC

P.S. There is a growing movement around Mr. Trump's presidency waiting
to explode. Please chip in Today and help us win in South Carolina!

Be a part of it today! Let's Make America Great Again!
