

The Honorable Nimrata Nikki Randhawa Haley
1205 Pendleton Street
Columbia, SC 29201

Governor Haley:

I was concerned when Atlantic Beach "backed you down" -- now? Our State and Country are in a world of trouble, because of politicians like you. Most of you are wealthy and could care less about taxpayers.

We Christians will long remember the summer of 2015, approval of gay marriage, obamacare, rearranging and/or rewriting history, you name it, certainly nothing to be proud of. I worry about my grandchildren and their children paying for all of our mistakes. Nothing is free, someone pays dearly.

I'm disappointed in you and am sorry I voted for you. I believe you may have surpassed Mark Sanford in your inability to govern our great State. You will not get my vote in your next political race.
