Gwen, Do you know why I can only see the top comments on the post?

You should be able to change to Top Comments (unfiltered) and see them all. It's just a facebook setting.....however, all that you cannot see when it says "Top Comments" is the many, many comments of people just tagging other people. FB just deems those uninteresting, if that makes sense.

Favorite comment so far "need to put in pickleball courts." I don't even know what pickle ball is?

I was impressed with our 177 reactions....until I checked Ann's whale post
