

* Make South Carolina Great Again!

Governor Haley, April 6, 2016

As a future South Carolina politician I hereby declare that this Great State of South Carolina is not great. We need to have a Constitutional Amendment for our Secretary of State and Superintendent of Education to be appointed by the Governor.

Each shall serve at the pleasure of the Governor and a four year term concurrently to that of the Governor. The State Election Committee shall be abolished and placed under the Secretary of State. This item should be brought before our Congress to be effective January 2018. as an fellow Republican I will say God Bless & Let's Make South Carolina Great Again!

Daniel S. Woods
SCA Junior Representative
SCA Student Body Presidential Candidate.
