Subject: Re: Sc prt website excludes Greater Bluffton chamber

Kevin / Duane this needs to be fixed ! How is it possible the SC prt would totally eliminate the official Greater Bluffton Chamber from the State website and the Bluffton company BFG ad agency who has this 57 million state contract refuses membership yet supports the corrupt abusive Hilton head Bluffton chamber run by crooks ?

Kevin as a Bluffton company why would you not support the official Greater Bluffton chamber ? Why would you support the Hilton head Bluffton chamber who refuses transparency , SC foia laws when the Bluffton chamber would fully comply .

Duane how is it our state PRT gives money to Bill miles who basically owns this Hhi Bluffton chamber refuses sc foia laws , takes our tax money to Canada with a pay of 400k . Does the State have a contract with Bill miles ? How much money does the State prt issue to Bill miles ?

Note Our Hhi chamber bylaws were changed to fully eliminate any member rights to be elected to the board only appointed Bill miles buddies get appointed . Not one single media serves on this chamber board when tourism is Hhi biggest industry .

Bill miles uses public monies to compete against for profit media and is in violation the way DMO and state monies should be used . David bennett and other town council members will be fully educated on this so everyone knows on Hhi town council they are misappropriating monies to be misused and this must end .

A Palm beach type forensic audit must be done and resulted in prison for 10yrs for its controller and when this is done on Bill Miles , Susan Thomas , Ray Deal and David tigges who run this Chamber this community is in for a huge shock . Good news the end will be great as we can get back to a fully properly operated

Chamber , totally separate cvb and DMO . Bill miles will be gone with all the rest of his cronies and our community will be much better off like Palm beach fl now is .

Something is bad wrong ??????? Agreed
Much more to come the list of violations is long ? Thx

Thank you Skip. This is something important that we might not have picked up on.
BTW...BFG is not a member of our Chamber although I have reached out to them to join, several times.
