This past weekend, our park interpreter, Ranger Ann at Myrtle Beach State Park, spotted a humpback whale from the pier about 1/2 mile offshore. Humpbacks and the highly endangered right whales are migrating south this time of year, so you never know if you will be lucky and spot one! It's rare, but possible! Keep a look out every time you are on the pier in the coming months! <https://southcarolinaparks.com/myrtle-beach>
