I've never met this person, but you may know Gerry Dickinson by whom he's recommended. His background and interests seem geared toward RSIC. Are y'all doing any hiring for interns or temps?

Danny,

This is the information for the young man I mentioned a week or two ago. He appears exceptionally qualified. I don't know if we could help him with his application to RSIC or if we should try to bring him on here. I will put this on the list for discussion Wednesday.

Hey Catherine – we previously discussed my young friend who is attending USC to get his second degree in Finance and works for publix. Matt is looking to obtain a state internship or a temporary position with the retirement – investment commission or even a internship at the statehouse. He would continue his classes and working for publix while holding the internship. Any help for Matt would be greatly appreciated if you know of anything. His resume and supporting documents are attached. He is looking for experience and is willing to do most anything just to get a foot in the door and have experience. He has already been offered a position with Publix corporate in Florida after graduation.

Thanks and Merry Christmas!

Gerry

Hello Gerry,

As we discussed, I am interested in working for the State of South Carolina in a part-time, full-time, or internship role. I am under consideration for the Junior Analyst position at the SC Retirement Investment Commission at this time.

I have attached my resume, references, and supporting documents. Thank you for your consideration.

Regards,

Matt Mancini
