Good Morning Chaney!

Hope you are doing well. Just following up on the email below. Is there a way to make something like this happen? Or, can you point me in the right direction?

Thanks - I'll be standing by!

Hi Chaney –

I'll admit, my excitement of the Governor's appointment is really taking hold...

What I was wondering – what is the proper process to secure an on camera interview with Gov. Haley (I'm not even sure if she really does them)? We would like to do a story that encapsulates her time as Governor, and her approach to a job on the federal/international level. I don't have a specific time or date in mind, that of course would be very flexible.

We will happily come to Columbia!

Any assistance is greatly appreciated!
