

## To Our Wonderful Family and Friends,

We hope that this note finds you happy, healthy and a little more wealthy as we approach 2016!  
2015 was truly blessed for the Titus Family.

Zeda and Elizabeth (now 9 and 7 respectively) continue to excel at Albuquerque School of Excellence (just 1.2 miles from our home!). Both are straight A students despite the new Common Core curriculum the school is using. Often Mommie feels as though she is going through 3rd and 4th Grade again trying to figure out the broken English and weird math. In February, the girls finished Winter Swim Team and in March started Tae Kwon Do. Both girls are really enjoying it and even convinced Mommie and Daddy to join them, so now it is a family sport. We practice together and attend competitions, the family that kicks together, sticks together! We've been to competitions in ABQ, Denver, CO and Las Vegas, NV so far! The girls have already won more medals than we can count! Las Vegas was the first meet we went to compete at as a family, it was so much fun. The girls got to take a day off from school so we could visit the Grand Canyon and then on the way home we went to the Hoover Dam. It was all so impressive, but of course the girls favorite part was the Dancing Fountains at the Bellagio.

This past Christmas we all went with ZeeZee, Granddaddy, Uncle Bert and Aunt Winnie to NYC.

It was great to see Paul's old stomping grounds, enjoy the Radio City Music Hall Christmas Spectacular including a private back stage tour, Cinderella on Broadway and the amazing window shopping at Tiffany's, Cartier, and FAO Schwarz! Then it was off to DC to celebrate Christmas again with Grammie and Grandpa. This summer the girls got to go on a 5,000+ mile car trip with ZeeZee and Granddaddy, they passed through 14 states, stopped at all the good spots along the way and the best part was they got to meet their cousins in Wisconsin. Near the end of the trip they met Mommie and Daddy in DC. After visiting Grammie and Grandpa we all attended the Sweet Briar College Reunion, our fear that the College would be closing soon were unfounded, the Alumnae pulled off a miracle to save the school. Don't mess with the Vixens! Holla, Holla.

This summer we are all going to Europe with ZeeZee and Granddaddy for 3 weeks! We are looking forward to visiting all of Hungary; Vienna, Austria; Paris, France; Rome, Venice and Pisa, Italy. Wow, what an amazing trip - we can't wait!

Paul continues to love his job at Sandia National Labs. He is also finishing up his 3rd Master's Degree in Systems Engineering. He said he needs a "Geek Degree" to continue to advance at Sandia National Labs. It seems to be working so far. Liz keeps wondering if this will become the PhD or are "we" all done with school?

Liz has been spending most of her time volunteering at the girl's school, and recently got her NM State Substitute License so she can start subbing a day or two each week. She also enjoys getting out occasionally with the ABQJL Sustainers. She is taking a year off from the PTO Board, but still volunteers whenever needed!

Merry Christmas and Have a Blessed 2016!  
Paul, Liz, Zeda, & Elizabeth and Jersey Rose, Rio & Missy

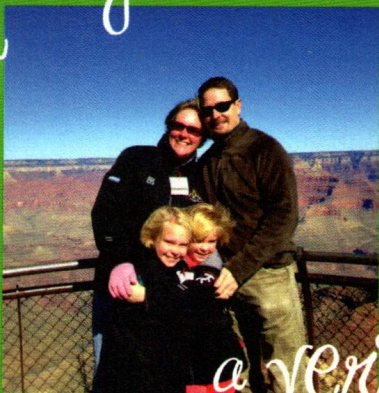

Merry  
Christmas

2015  
and  
Happy  
New  
Year!

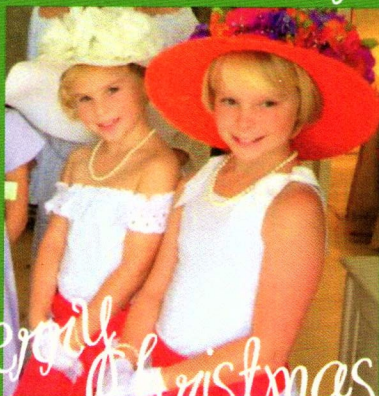

With love and  
blessings,

Paul, Liz,  
Zeda & Elizabeth

Wishing  
you

a very

Merry  
Christmas
