Subject: RE: Press Statement re Jason Flatt Act

Hi Rob,

Hope you are well. Just wanted to touch base, I realize you are very busy. Helen Pridgen, our South Carolina Area Director just dropped off a letter requesting a public signing of the Jason Flatt Act. Do you know if this would be possible? It would undoubtedly generate much positive media, since youth suicide prevention is such an important and sadly, very current issue.

If a public signing is not feasible, we would still very much like a statement or quote, that we can include in a press release and post on our website etc. If possible, we would like to put this release out early next week.

Please feel free to give me a call if you have any questions.

Sincerely,

Wylie G. Tene

Subject: Press Statement

Hi Rob,

It was great speaking with you moments ago.

We would like to get a short quote or statement from Governor Haley regarding her support and passage of the Jason Flatt Act. The American Foundation for Suicide Prevention and the Jason Flatt Foundation are planning to put out a press release announcing that this legislation has been signed into law.

Please let me know if you have any questions or need more information.

Kind regards,

Wylie G. Tene
